APPLES ALL YEAR ROUND SUMMER FRUITS AND VEGETABLES

Summer apple varieties begin ripening in July. Nearly 50 apple varieties are grown on our farm; most are picked in September and October. Many fall varieties are available throughout the winter and spring months. Please visit our website for availability.

Summer fruits and vegetables in season: Sweet corn, green beans, tomatoes, squash, cucumbers, peppers, peaches, raspberries, blueberries, blackberries, grapes and cherries. We harvest them at their peak maturity for best flavor. Weather permitting, some of these crops may be available through September.

Apple Gifts

Apple Boxes can be shipped by UPS anywhere in the continental U.S. Fruit Baskets are custom made with our apples, maple syrup, maple candy, jams and other items may be found in our market. Pick-up only. Shipping orders may be placed on our website or in the market.
